

Talon Metals Corp  
165 N Warren Street  
Tamarack, MN 55787

**Position:** Driller Helper

**Position Type:** Permanent

**Schedule:** Full Time

**Hours per Week**

12hr shift= 84hrs pw

2 weeks on, 1 week off

**Start date:** ASAP

**Contact:** Breanne at HREmployment@talonmetals.com

**Salary**

\$66,000- \$81,000

**Required Education**

High School or Equivalent

## **The Opportunity**

Talon Metals is actively exploring the area near Tamarack, Minnesota for Nickel, and Copper for use in batteries.

This is an opportunity to work as a member of a drilling team without traveling to different project locations far from home. Work with the same crew and diamond core drill rig year-round. Talon has an extensive drilling program of both exploration and definition drilling to complete all within the footprint of the Tamarack Project.

We offer competitive salaries with performance-based pay raises, a robust benefit package which includes healthcare, dental and vision plans, health spending accounts, and match 401(k) up to 6%. Ten paid vacation days, nine paid holidays, five paid sick days per annum.

## **What the role entails**

Reporting to the Drill Foreman duties include, but are not limited to:

- Working safely following company policies and HSE regulations and procedures.
- Assisting in all aspects of drill operations through safe, cost effective and professional practices including moving the drill from one set-up to another, setting casing and mixing drill muds.
- Handling drill rods and core tubes skillfully and efficiently.
- Removing core from tubes and placing and labelling core in core boxes in a manner that preserves original orientation.
- Ensures that gas monitors are bump tested at the start of each shift and are utilized while drilling.
